

WHAT IF THE CRIMINAL LEGAL SYSTEM

Prioritized community safety rooted in equity, humanity, and compassion?

**TOGETHER, WE CAN
MAKE THIS A REALITY.**

The choices you make today shape our future and beyond

The criminal legal system that we have today is not the one we want—nor the one we want to leave behind for future generations.

Our mission to advocate for effective and humane responses to crime that minimize imprisonment and criminalization of youth and adults by promoting racial, ethnic, economic, and gender justice is ambitious. Racist policies, divisive language, and a punitive approach have contributed to a mass incarceration crisis and harmed countless lives. And with your support, we've made significant progress.

However, our work is far from over. Challenges are ever-evolving, requiring sustained resources and unwavering dedication.

With you by our side, The Sentencing Project can drive impactful change, step by step, until we achieve a system that guarantees justice for all.

By including The Sentencing Project in your estate plans, your generosity will shape the future, ensuring our fight for reform continues until mass incarceration is over.

I've included The Sentencing Project in my will because of the valuable work it does to **reform our penal system:** a system that is senseless at best and unnecessarily cruel at worst."

— Anita Savio

Every gift matters

For most of us, there comes a point in our lives when we start thinking about what we will leave behind. We want to make sure our loved ones are taken care of, and beyond that, we want future generations to live and prosper in a society that's better than the one we leave behind.

Every year, passionate individuals just like you make the decision to include The Sentencing Project in their will or estate plans. Why? Because they want a criminal legal system that guarantees justice for all and believe The Sentencing Project can help us get there.

Many assume that only the wealthy or famous leave money to nonprofits since those are the gifts we often hear about. In reality, people from all backgrounds choose to support causes close to their hearts through legacy gifts.

Any gift, small or big, makes a difference.

Your legacy gift has an exponential effect

Your actions today set in motion ripples of change that extend beyond your lifetime. By including The Sentencing Project in your estate plans, you'll:

Endow fellowships that train and inspire the next generation of criminal legal advocates and researchers

Support conferences and convenings that equip advocates with the tools needed to advance change in their home jurisdictions and beyond

Underwrite research on successful public safety strategies that redirect investment to communities, rather than carceral facilities

That's the incredible potential you hold in your hands.

If you'd like to make a lasting impact and ensure that your legacy makes a difference, please consider including The Sentencing Project in your estate plan.

Shape tomorrow's criminal legal system, **today.**
